Music Box Wealden is the brainchild of local pianist William Hancox. After many years performing, recording and teaching throughout the UK and around the world, he became convinced of the importance of developing a model which makes it easier to bring together musicians and concertgoers in their own communities.

Localism and sustainability are central to the Music Box vision. We provide a varied programme of classical music to all kinds of venues across the area, with many performers drawn from the wide pool of talented professional musicians who live locally.

We're looking to make a contribution to the musical health of our community and help to make sure that this vital part of our culture is still alive and well for future generations to enjoy.
